Ultrasound Moves In-House

Girard Medical Center is pleased to announce that we now have full time ultrasound services! We recently acquired a state of the art, top of the line, GE Logic E9, ultrasound machine. This new machine has the capabilities to perform abdomen, OB/GYN, vascular, small parts and adult echocardiograms. Dr. Papp and Dr. Garey (our Radiologists) will continue to read the ultrasound and vascular studies. Dr. Baqir will be reading our Echocardiograms.

George Kolath ARDMS, RVT will be providing ultrasound services Monday through Friday. George is a well experienced sonographer in all modalities.

Janis Carter, Director of Radiology and George Lolath

Dr. Kent Cooper Opens Neurology Clinic

Dr. Kent Cooper will be holding a Neurology Clinic on the first and third Tuesdays of every month. He will be located in the 3rd Suite of the Medical Office Building (where

Dr. Yost is also located).

Dr. Cooper's most recent practice was at the Branson Neurology and Pain Center. He has 18 years experience treating a variety of neurological illnesses including stroke,

epilepsy, headaches, dementia, peripheral neuropathy, neck/back pains, and Parkinson's disease. He graduated from the University of Missouri, and interned and completed his residency at the University of Texas. He received Board Certification from the American Board of Psychiatry and Neurology in 1995 with re-certification in 2005.

Dr. Cooper's first day at Girard Medical Center will be November 15th. To make

an appointment please see the information at right.
